Welcome to Your BAE Systems Medical Plan

BAE Systems offers comprehensive medical plans designed to meet the needs of you and your family. Medical coverage is provided through Cigna Healthcare, and prescription drug coverage is provided through CVS Caremark.

Your medical plan includes valuable benefits such as:

- Access to Cigna Healthcare's nationwide network of providers, with no referrals necessary
- Preventive care covered at 100%*
- Dedicated Cigna Healthcare customer service and claims support
- Health coaching and other programs to help you stay healthy

Preventive care

When you see in-network providers, eligible preventive care is covered at 100% with no copays or deductibles. Preventive care services include annual physical examinations, breast cancer screenings, and colon cancer screenings, as well as routine immunizations such as flu shots. Preventive prescription drugs, including women's contraceptives, are also covered at 100% with no additional cost to you. If services are done to diagnose, monitor, or treat a symptom or health issue at your preventive care visit, there may be a cost to you.

*Not all preventive care services are covered. For example, immunizations for travel are generally not covered. Contact Cigna Healthcare at 800 530 1314 for a complete list of covered preventive care services.

Network Choice Plan

The Network Choice medical plan emphasizes wellness and prevention – doing things to prevent health problems rather than just treating them when they occur. By becoming an educated health care consumer and taking charge of your health, you can reduce your costs for medical services and improve your quality of life, now and down the road.

Your Network Choice plan gives you access to Cigna Healthcare’s nationwide network of providers in addition to an integrated network of Cigna Healthcare Tier 1* providers, doctors, and hospitals proven to deliver quality, cost-effective care. So when you stay in-network, you know you’re getting the right care at the right price. Here are some other important details to keep in mind about your plan:

- While it’s recommended that you choose a primary care provider (PCP) to serve as your personal health advocate and coordinate your health care, it is not required.
- If you choose to get care outside of the network, those out-of-network services will be covered at a higher cost to you and you will have to submit claims yourself.

How the Network Choice medical plan works

1. Annual deductible	This is the amount of eligible medical expenses you must pay each year before the plan begins to pay a percentage of those expenses.
2. Coinsurance	Once your deductible is met, you and the plan share the cost of eligible expenses. Network Choice covers 80% of your eligible in-network expenses, and you pay 20%.
3. Out-of-pocket maximum	Your eligible in-network medical and prescription drug expenses count toward your out-of-pocket maximum. This is the maximum you will pay during the year, including your deductible and coinsurance. Once met, the plan pays 100% of eligible medical and prescription drug expenses for the rest of the year.

*Providers identified as having top results, based on Cigna Healthcare’s latest “Quality, Cost Efficiency, and Cigna Care Designation Methodology” white paper. Some doctors are included in Tier 1 due to contractual obligations and may not meet Cigna Healthcare quality and/or cost-efficiency measures.

Valuable Cigna Healthcare Resources

Free 24-hour Health Information Line

It's 2 a.m. and someone in your house is sick. Instead of rushing to the emergency room for a long wait to see a doctor, you can talk with a nurse to see if the trip is necessary. Nurses are available day or night to provide guidance and direct you to the most appropriate type of care.* You can reach the Health Information Line by calling **800 530 1314**, 24 hours a day, seven days a week. In an emergency, dial 911 or visit the nearest hospital.

Health coaching

You have access to personal health coaches to help you and your family maintain or improve your health and address health risks. Your health coach can help you develop an action plan that takes advantage of available health and wellness resources.

Based on your needs, your coach can offer:

- **Help making lifestyle changes.** Examples include smoking cessation, weight management, and stress management.
- **Support for managing chronic conditions.** Your coach can help you get the best care from your doctor and develop a plan to better manage chronic conditions and identified risks.
- **Access to an integrated personal health team.** Based on your needs, your coach can connect you with other professionals who specialize in various areas, such as nutrition, exercise, cardiac care, weight management, stress management, and psychology.

*These health advocates are trained nurses. They have a current nursing license in at least one state. When working as a health advocate, they are not practicing nursing or giving medical advice.

Working with a health coach is not intended as a replacement for medical care from your doctor. Coaching is intended to help you get the most from your appointments with your doctor and to offer additional, ongoing personal support to help you live a healthy life. All interactions with your health coach are confidential.

Cigna Healthcare Virtual Care

With Cigna Healthcare Virtual Care, you can connect with a board-certified doctor when, where, and how it works best for you – via video or phone – without having to leave home or work.* Get the care you need – including most prescriptions (when appropriate) – for a wide range of minor conditions. A virtual care visit often costs less than a primary care doctor visit. To learn more, visit [myCigna.com](https://mycigna.com). After you reach your deductible, you pay only the applicable coinsurance on the per-visit charge.

Choose from a large selection of board-certified doctors – all included in your BAE Systems medical plan through Cigna Healthcare.

- › Go to [myCigna.com](https://mycigna.com) or the **myCigna App**
- › Select **Talk to a doctor via phone or video**

Cigna Healthcare's behavioral virtual care services

Dealing with mental health issues can be a challenge. But with Cigna Healthcare's behavioral virtual care services, you don't have to go it alone. And you don't have to go far for the care you need.

You and your dependents can see a licensed provider who participates in the Cigna Healthcare Behavioral Health or Confide/ Employee Assistance Program (EAP) network – when, where, and how it works best for you. Whether you're home or away, behavioral virtual care gives you access to personal and confidential video-based services that are more convenient than visiting an office.

- Online video conferencing using your smartphone, tablet, or computer
- Scheduled appointments based on provider's availability
- Same cost as an in-office visit (and no cost under Confide/EAP benefits)
- Available as part of your Cigna Healthcare health plan for behavioral and/or Confide/EAP benefits

To find out more information and to locate a virtual counselor, visit [myCigna.com](https://mycigna.com) and select **Find a Doctor, Mental Health/Confide/EAP Professional or Service**,

then **Talk to a doctor via phone or video**, and then click **Continue** under **Counseling**. You'll then be able to choose from a list of providers affiliated with the Confide/EAP** or medical plan.

Cigna Healthcare Confide Behavioral Health Navigator

For personalized help finding the care you or a family member needs for a mental health issue, you have access to Confide Behavioral Health NavigatorSM. Confide behavioral health advocates will listen to your needs and help connect you with an in-network provider whose expertise aligns with your needs. This service is easy to use, completely confidential, and available at no cost to you. To connect with a Confide behavioral health advocate, log in to [myCigna.com](https://mycigna.com) > **Coverage > EAP and Confide Navigator**.

Talkspace

Receive confidential support and counseling for anxiety, depression, and burnout; substance use; or other mental health issues. This confidential online therapy solution lets you work with a licensed therapist from the comfort of home either by phone, private text message, or video. Get started at [myCigna.com](https://mycigna.com) > **Coverage > EAP and Confide Navigator**.

*Cigna Healthcare provides access to virtual care through participating in-network providers. Not all providers have virtual capabilities. Cigna Healthcare also provides access to virtual care through national telehealth providers as part of your plan. This service is separate from your health plan's network and may not be available in all areas or under all plans. Referrals are not required. Video may not be available in all areas or with all providers. All health care providers are solely responsible for the treatment provided to their patients; providers are not agents of Cigna Healthcare. Refer to plan documents for complete description of virtual care services and costs.

**Authorization required if virtual counseling is used under the EAP.

Valuable Cigna Healthcare Resources

Cigna Healthy Pregnancies, Healthy Babies program

Healthy babies start with healthy pregnancies. With the Cigna Healthy Pregnancies, Healthy Babies® program, expectant parents receive the support they need to stay healthy during and after pregnancy. To learn more, call **866 344 9991** or download the **Cigna Healthy Pregnancy® App**.

Resources include:

- 24-hour access to expert support
- Library of health information
- Pregnancy newsletter and a parenting magazine
- Information for expectant fathers

WIN Family-Building*

Employees and spouses enrolled in a BAE Systems Cigna Healthcare medical plan are provided up to \$20,000** toward fertility-related medical treatment.

BAE Systems also provides adoption/surrogacy reimbursement of up to \$30,000** for the associated costs to help build your family. This includes agency fees, legal costs, travel expenses, etc. Some exclusions apply.

To learn more, visit managed.winfertility.com/baesystems/ or download the WINApp using employer code BAE21. WIN Customer Service agents can also be reached at **855 620 0989**, Monday–Friday, 9:00 a.m.–7:30 p.m. ET.

Cigna Healthcare Healthy Rewards program***

With the Healthy Rewards® program, you can save on weight management programs, chiropractic services, acupuncture treatments, natural supplements, and more. Using the Healthy Rewards program is easy. No referrals or claim forms are needed. All employees are eligible, and if you're a Cigna Healthcare customer, you're automatically

enrolled. For more information, visit myCigna.com and select **Wellness**.

Your Personal Health Record

Keeping track of your health information can be challenging. Cigna Healthcare makes it easy to keep your medical history at your fingertips. Store all your health information in your **Personal Health Record (PHR)** and access it securely 24 hours a day from myCigna.com.

When you choose to have your Cigna Healthcare lab results and medical claims data automatically stored in your PHR, you can view the details of reported conditions/diagnoses (including the name of the physician who submitted your information). You will be provided with a link to a medical library of related health content and resources for each PHR entry to offer you support and guidance. You can also upload important documents and scanned images and enter additional information, such as allergies and over-the-counter medications. Then, next time you visit your doctor, fax or email a copy of your PHR Summary or print it out and take it with you. Your PHR is provided in agreement with WebMD®, a leader in the health information industry.

*WINFertility is an independent third-party service provider. Cigna Healthcare does not endorse or guarantee the products or services of any third parties and is not liable for any such products or services. WINFertility and its providers are solely responsible for any treatment provided to their patients. Benefits are subject to plan terms and conditions, including exclusions and limitations.

**This benefit amount is a lifetime limit.

***Some Healthy Rewards programs are not available in all states. If your plan includes coverage for any of these services, this program is in addition to, not instead of, your plan benefits. Healthy Rewards programs are separate from your medical benefits. A discount program is NOT insurance, and you must pay the entire discounted charge.

Additional Resources

Free expert second medical opinion from Teladoc Medical Experts

Being diagnosed with a serious medical condition is stressful and often confusing. Teladoc Medical Experts can help. They can offer a second opinion on medical cases covering a range of conditions. With one call, you are connected to a physician case manager who will serve as your personal advocate to talk about your situation, gather your medical records, arrange to have your case reviewed by experts across the country, and answer your questions.

You'll receive a comprehensive report of your case team's recommendations that you can review with your personal doctor. This benefit is completely voluntary and free to employees and their families. To learn more, call **855 380 7828** or visit teladoc.com/medicalexperts.

Free support to help you quit smoking from the EX Program

Quitting tobacco for good takes more than willingness and willpower. It takes careful planning, expert advice, and proven tools. When you're ready to quit, the EX Program will give you the support you need to succeed – all at no cost to you.

The EX Program includes tools, tips, one-on-one coaching, and access to an active EX Community of members who've been through it all. Developed in partnership with the Mayo Clinic, this interactive, self-paced, guided quit plan provides specialized support to help you overcome the behavioral, social, and physical aspects of tobacco addiction.

Learn more about the EX Program and how it might help you or a loved one. This free tobacco-cessation program is available to every employee and their spouse/domestic partner. Employees and covered dependents can register today by visiting becomeanex.org.

Free virtual physical therapy with Hinge Health

Improve your mobility and prevent future injuries with a personalized digital program to help you get moving and stay active. The program provides interactive exercise therapy consisting of gentle stretches and exercises as a therapeutic treatment to manage or prevent joint or muscle pain. Hinge Health uses motion tracking and educational resources to educate you on proper techniques to prevent further injury and promote long term mobility. Real-time feedback and one-on-one expert guidance are provided by a dedicated physical therapist and health coach.

Hinge Health is available to employees and dependents age 18 and older who are enrolled in a national Cigna Healthcare medical plan. To sign up for the program, visit hingehealth.com/for/baesystems.

Hinge Health's Pelvic Health Program offers support for your unique musculoskeletal needs through virtual physical therapy. The program addresses all stages of life, including pregnancy, postpartum, and menopause. The pelvic health program reduces the risk of chronic pain and improves overall function. This program includes a specialized care team, including a pelvic floor physical therapist, a women's health coach, and, if needed, a urogynecologist, to meet your goals and increase quality of life.

Cigna Healthcare Tools to Help You Take Charge of Your Benefits

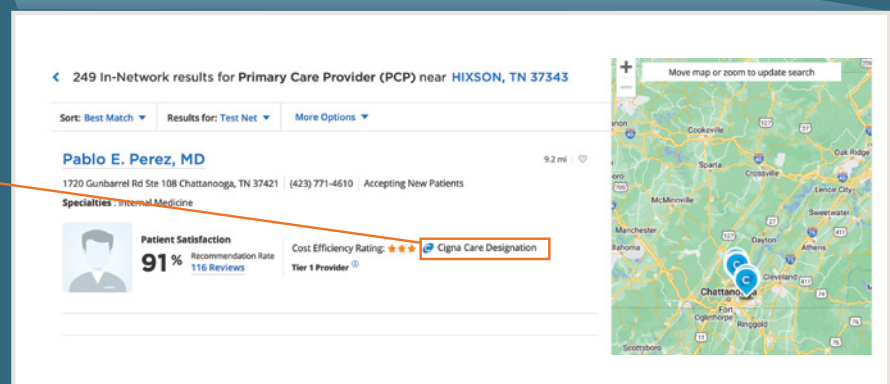

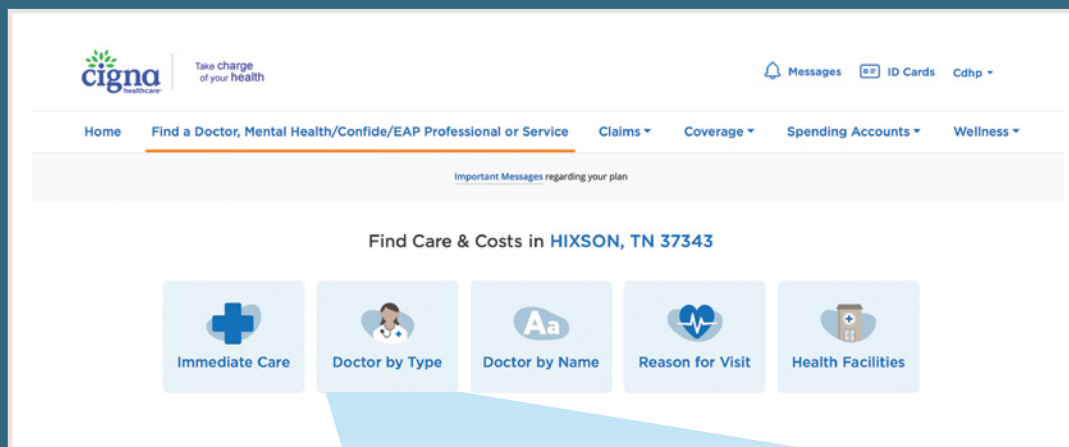

Find in-network doctors and facilities

The **Find a Doctor, Mental Health/Confide/EAP Professional or Service** tool on **myCigna.com** provides separate search paths for doctors and facilities. It also allows you to search for common procedures and shows cost ranges.

For a complete list of covered services, please refer to your Summary Plan Description, located under **Plan Information** under the **Health & Insurance** tab on BenefitsNavigator.

Choose doctors with the Cigna Care Designation

Every year, Cigna Healthcare evaluates provider performance in 21 primary care and medical specialties. Providers with top results* in delivering quality, cost-effective care become Tier 1 providers and receive the Cigna Care Designation (CCD). When you search for care, your results will first show doctors who have a proven history of achieving good-quality outcomes while also being cost-effective. Doctors with top results are clearly marked Tier 1 and with the CCD symbol.

*Providers identified as having top results, based on Cigna Healthcare's latest "Quality, Cost Efficiency, and Cigna Care Designation Methodology" white paper. Some doctors are included in Tier 1 due to contractual obligations and may not meet Cigna Healthcare quality and/or cost-efficiency measures. Quality designations, cost efficiency, and other ratings reflect a partial assessment of quality and cost efficiency and should not be the sole basis for decision-making. They are not a guarantee of the quality of care that will be provided to individual patients. You are encouraged to consider all relevant factors and consult with your physician when selecting a provider. Providers are independent contractors solely responsible for care delivered. They are not agents of Cigna Healthcare.

Locate a quality facility for high-tech imaging

For MRI, CT, or PET scan imaging services, Cigna Healthcare requires providers to precertify coverage with eviCore before benefits are paid. eviCore has access to a national network of approved radiology centers. Be sure to discuss your options with your doctor. You may save money based on where you receive service. For help locating the most appropriate facility to meet your needs, contact Cigna Healthcare at **800 530 1314**.

Manage your health care costs

You have significant influence over your medical expenses. Use in-network providers to take advantage of lower costs and higher benefits and make smart choices to save money.

- For treatment of minor illnesses or injuries, you can visit a walk-in clinic, such as a CVS MinuteClinic®, or an urgent care facility instead of an emergency room
- Ask your doctor to prescribe generic drugs whenever possible
- Use the cost and quality tools on [myCigna.com](https://mycigna.com) to help determine the most cost-effective place to receive treatment
- Request a second medical opinion from Teladoc Medical Experts
- Talk to a Cigna One Guide representative about Centers of Excellence when scheduling surgeries

Cigna Healthcare Tools to Help You Take Charge of Your Benefits

Cigna Healthcare's health care cost-estimator tool shows what the plan will pay and what you will pay for certain conditions by provider. You can even compare the procedure by the provider based on their facility affiliation, since cost can vary significantly from one location to another.*

To estimate your health care costs, go to:

- **Find a Doctor, Mental Health/Confide/EAP Professional or Service** at the top of the home page
- Select **Reason for Visit** and enter the procedure
- Select the type of care you are looking for
- Select provider or facility to see costs
- Click on the **Costs** tab and enter a procedure name or billing code

The screenshot shows a web interface for estimating costs. At the top, there are tabs for 'Office info' and 'Costs'. A search bar contains the name 'JESSICA' and the procedure 'Colonoscopy with Biopsy (CPT 45380)'. Below the search bar, the procedure name is displayed: 'Colonoscopy with Biopsy (CPT 45380)' with a description 'Biopsy of large bowel using an endoscope'. The 'Cost Breakdown' section shows: Total Cost Before Coverage: \$599.00, Plan Pays: \$0.00, and Your out of pocket: \$599.00. A 'Know Before You Go' section includes 'Limitations' (No limits for this service) and 'Authorizations' (Not required prior to service, Not required during service). A 'Heads Up!' note states: 'Cost doesn't include facility, anesthesiologist, or other fees. Search for those providers to get a complete picture of your costs.' A footer note says: 'Check your coverage details to help avoid unexpected out-of-pocket costs and see more info about your plan deductibles, available health care accounts, prior authorization requirements, and other coverage information.'

Image used for illustrative purposes only. Actual costs will vary.

*The cost estimates contained in the directory are designed to help you and your family better understand how much you could pay for the various health care services you've searched for. They are not your final cost and should not be relied on to make final decisions about what health care you receive. Cigna Healthcare works hard to help ensure cost information is as up to date and relevant as possible but cannot guarantee or warrant accuracy. The amount you will owe could be different, based on a variety of factors beyond our control (your plan design, your coverage, claims you may have in process, the doctor or other provider, your out-of-pocket costs to date, your plan deductible, money available in your health care accounts [if applicable], where the service is provided, etc.). These are estimates.

Your Prescription Drug Benefits

Administered by 

To locate a CVS Caremark network retail pharmacy in your area, check prescription costs, or get started with mail order, visit [caremark.com](https://www.caremark.com) or call a Customer Care representative toll-free at **866 236 8236**, 24 hours a day, seven days a week.

Save with generic medications

Generic medications can save you money each time you fill your prescription while still safely and effectively treating your condition. In most instances, the pharmacy will automatically dispense a lower-cost generic drug when available.

When a generic is available but the pharmacy dispenses a brand-name medication – or a doctor or prescriber indicates “dispense as written” for a brand-name drug – you will pay the difference between the brand-name medication and the generic plus the brand coinsurance.

Fill 90-day prescriptions

For medications that you take on a regular basis, you must ask your doctor to write your prescription for a 90-day supply. You have the choice to fill your 90-day prescription at a CVS Pharmacy or through convenient home delivery

Use Caremark.com and the CVS Caremark App

[Caremark.com](https://www.caremark.com) and the CVS Caremark app allow you to:

- Refill your existing prescriptions and check your order status
- Set up your orders for automatic refills
- Get notified when your order is ready
- See which medications are covered and how much they cost
- Learn about any cost-saving opportunities available to you

PrudentRx

If you or a covered dependent takes specialty medications for chronic, progressive conditions such as multiple sclerosis or rheumatoid arthritis, you may be able to obtain your specialty medication free of charge through the **PrudentRx Program**.

To view the current list of specialty medications included in the PrudentRx Drug Program, visit [caremark.com/baesystems](https://www.caremark.com/baesystems).

Transform Diabetes

The CVS Caremark Transform Diabetes Care program is a voluntary program that offers free services, support, and tools to Cigna Healthcare medical plan members and spouses who are currently on medication to manage their diabetes. Through the Transform Diabetes Care program, you can:

- Track your levels, see trends, and share your data with whomever you choose
- Receive personalized tips in real time to help you stay on track and make informed choices

CVS Caremark Transform Diabetes Care benefits also include:

- Two diabetes monitoring visits per year at a MinuteClinic (at no additional cost to you) to help prevent diabetes-related conditions; these visits include A1c testing, foot exams, body mass index (BMI) assessments, diet consultation, and blood pressure and cholesterol checks
- Personalized, one-on-one coaching with pharmacists to help you stay on track

If you or your dependent is eligible, you will receive a welcome kit from the CVS Caremark Transform Diabetes Care team.

Other Important Benefits Information

Covering your dependents

If you add a new dependent to your coverage, you will be asked to verify that they are an eligible dependent. You will receive communications from the BAE Systems Benefit Center advising how to complete this. Please remember that eligible dependents are allowed to be covered until age 26. Their coverage will terminate at the end of the month in which they turn age 26.

Disabled dependents that were deemed permanently and totally disabled prior to turning age 26 are eligible for coverage under the plan. For more information, call the Benefits Center at **888 900 4223**.

If you cover dependents under your BAE Systems medical plan, you must indicate whether the company-sponsored plan is their only medical plan or if they have other coverage. This is an annual requirement. If Cigna Healthcare receives a dependent claim of more than \$500, it will not pay the claim until it receives coverage verification.

To verify if your dependents have additional medical coverage, call Cigna Healthcare at **800 530 1314** or visit **myCigna.com**, click **Profile** at the top, select **Other Insurance/Coverage** under **Manage My Coverage**, and update your dependents' insurance information. This process helps ensure that the plan pays only valid claims.

Out-of-network claims

Your medical plan allows you to visit doctors and other providers who do not participate in the Cigna Healthcare network. However, when you receive nonemergency care outside the network, your share of the costs – including deductibles and coinsurance – will be significantly higher than what you would pay for in-network care.

When you receive out-of-network care, you can get reimbursed for some but not all of your expenses. This amount is called the maximum reimbursable

charge. For example, your doctor might charge \$100 for treatment, but the most your plan will pay is \$80.

You are responsible for paying any charges above this amount. These charges do not apply to your deductible or out-of-pocket maximum.

A note about state surcharges

If you receive medical treatment in Massachusetts, Michigan, New York, or Vermont, a state-mandated surcharge will be applied to the total cost of claims for inpatient and outpatient hospital services, diagnostic services, and treatment center care.

Reviewing Your Explanation of Benefits

The Cigna Healthcare claims processing system generates an EOB for every medical claim you incur. The EOB includes a breakdown of the costs associated with the care you received. It will show:

- The total amount billed by your provider
- Any discount negotiated by Cigna Healthcare
- What the plan paid for the service
- How much you owe the provider

When you receive a bill from your provider, check that the EOB matches the bill before making a payment.

Your EOBs are available online at [myCigna.com](https://www.mycigna.com), or you can receive paper EOBs by mail.

An example of an Explanation of Benefits

The summary page gives an overview of the ways your benefits are working for you – quickly see what was submitted, what’s been paid, and what you owe.

Identifies if the provider participates in your plan’s network (“in-network”) or they are out-of-network.

Identifies if the claim relates to the primary subscriber or a covered dependent.

Name of the primary subscriber.

Date of service and provider name are both listed for easier reference.

The amount you owe does not reflect any amount you may have already paid.

This reflects the total value of your plan – the amount you saved by visiting an in-network health care provider or facility and the amount paid by your plan.

for services provided by MOSHAHOSPITAL

Amount Billed	\$250.00	This was the amount that was billed for your visit on 06/01/2024.
Discount	\$0.00	CIGNA negotiates discounts with health care professionals and facilities to help you save money. Using an in-network option is one way you can save. Visit myCIGNA.com or call Customer Service to learn more.
What CIGNA plan paid	\$175.00	CIGNA paid \$175.00 to MOSHAHOSPITAL. This is a correction of a previously processed claim.
What I owe	\$75.00	This is the amount you owe after your discount, your CIGNA plan paid, and what your accounts paid. People usually owe because they may have a deductible, have to pay a percentage of the covered amount, or for care not covered by their plan. Any amount you paid since care was received may reduce the amount you owe.
You saved	70%	You saved \$175.00 (or 70%) off the total amount billed. This is a total of your discount and what your CIGNA plan paid. To maximize your savings, visit www.mycigna.com or call customer service to estimate treatment costs, or to compare cost and quality of in-network health care professionals and facilities.

All employees and covered dependents participating in a medical plan through Cigna Healthcare will be eligible for the comprehensive health and wellness benefits described in this brochure, with the exception of WINFertility, which is only offered to employees and spouses/domestic partners.

This is only a brief overview. It is not intended to address all plan features that may apply to you. If there is any conflict between the language in this brochure and the language in the plan legal documents, the language in the plan legal documents will govern. In addition, this overview creates no rights between you and BAE Systems. Any participant rights are solely as described in the plan legal documents.

While BAE Systems expects to continue its benefit plans, these plans are subject to change and may be discontinued at any time at the sole discretion of BAE Systems. Benefit provisions vary among BAE Systems businesses; if you transfer within BAE Systems, your benefits may change.

BAE Systems medical plans are funded by BAE Systems and administered by The Cigna Group.
